We had the misfortune of losing PERKSTER in a freak accident last fall. He is and will be greatly missed, but his legend lives on through his daughters in our broodmare band. PERKSTER was an extremely well-built and heavy-boned palomino stallion that had definitely proven himself. His style and conformation, pedigree, ability to breed color, and calm, easy-going manner made him a favorite Weaver stallion. PERKSTER sired colts with good bone, big hips, and that want to please attitude. PERKSTER colts are always easy to halter break and made all-around great ride horses. He has produced a top set of colts in the sale this year. Like all his colt crops before, this is a uniform set of weanlings.

PERKSTER is a recognized sire of rodeo and ranch horses. He has sired the high selling colt in our sale three times, and he sired the high selling horse at the University of Montana Western sale twice. We have collected several doses of frozen semen, and we will continue to breed a few mares to him every year. His semen is available for the public and is internationally approved. 5 Panel N/N
